Skills

Hard Skills: Microsoft Excel (Advanced), HTML/CSS, Javascript, Python, MS Office, Creative Writing, JavaScript, Java, C++, C, C, MS Office

Soft Skills: Communication, Problem Solving, Creativity, Problem-Solving, Presentations

Work Experience

Ambassador - HP Life Aug 2025 - Present

Networking Fundamentals

Enhanced brand promotion and representation skills through active networking and ambassador roles. Strengthened communication, relationship-building, and public speaking abilities while engaging diverse audiences. Contributed to brand visibility, credibility, and outreach through strategic interacti

Student Partner Intern - Internshala Jun 2024 - Present

Employee Engagement, Networking Fundamentals, Requirements Gathering

Led dynamic student outreach campaigns at Internshala, amplifying brand visibility and boosting benefits awareness across campuses. Strengthened communication and networking through strategic student partnerships while gaining hands-on exposure to marketing and engagement initiatives.

Technical Projects

AapkiDukan Ecommerce 2024

HTML/CSS, CSS preprocessors, JavaScript, Tailwind CSS

🔗 [GitHub Repository](#) | 🔗 [Live Demo](#)

- Developed a shopping site clone using HTML, CSS, and JavaScript, emphasizing easy navigation and responsiveness.
- Added product display and cart functions to mimic real online shopping workflows.
- Enhanced user experience and performance for seamless interaction and usability.

Problem Solving & Data Structures

🔗 [LeetCode](#)

Proficient in Python and fundamental data structures such as lists, dictionaries, sets, stacks, queues, trees, and graphs, I develop efficient, scalable solutions by applying algorithms like sorting, binary search, recursion, greedy strategies, two pointers, sliding window, and dynamic programming. I analyze problem constraints, optimize code performance, and deliver reliable results in real-world scenarios and technical interviews, demonstrating strong problem-solving capabilities.

Education

Chaitanya University, Hyderabad

B.Tech | Computer Science Engineering (2023 -2027)

Chaitanya Deemed To Be University

B. Tech / BE | Computer Science (2027)

CGPA: 10

Jawahar Navodaya Vidyalaya

Class XII (2022)

Percentage: 80

Jawahar Navodaya Vidyalaya

Class X (2020)

Percentage: 89

Certifications

- [Data Structure and Algorithms](#) - Infosys (January 2026 - February 2026)
Skills learned: Java
- [Data Science and Analytics](#) - HP Life (July 2025 - July 2025)
Skills learned: AWS
- [Cybersecurity](#) - Infosys Springboard (November 2025 - February 2026)
Skills learned: Python, Java, Threat Intelligence, Risk Analysis
- [Presentation Skills](#) - Tata Consultancy Services (August 2025 - August 2025)
Skills learned: Presentations

Achievements

- Essay competition
- Hindustan Times Panting Competition District level

- Secured 2nd place in the "Code & Color: Web Design Showdown" at the CUH campus, showcasing web development and creativity skills.
